

# Precautions on Waste Items

It is garbage decomposer of the human food.

Please feed the remainder and a leftover of the cooking.

○ Waste items that may be put (items that can be processed)

Human food

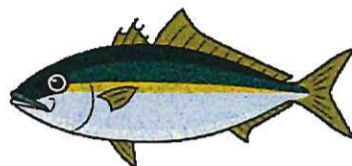

Leftover

Meat

Fish

Vegetables

Fruits

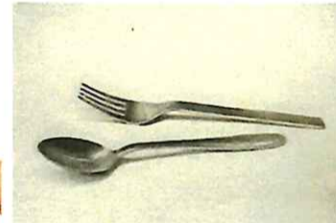

× Waste items that may NOT be put  
(items that CANNOT be processed)

Nonhuman food

- Not fermentable or decomposable
- Liquids

× Shells, eggshell, animal bones, hard seeds, hard skins of bamboo, metal, vinyl, mineral, wood, rubber, etc..

× Milk, sauce, liquor, oil, etc..

If you accidentally put them into GOMIXER, take them out.  
When alien substances increase, the gross quantity exchange  
of the core is necessary.
